CHAMONIX MONT BLANC

THE WORLD CAPITAL OF MOUNTAINEERING

Every kind of skiing can be found there:

- Cross-country skiing on the trails from Chamonix to Argentière.

. Downhill skiing : thanks to the new ski lifts in the Brévent and Grand Montets areas as well as the pistes of La Flégère, Tour and Houches, skiers, at all levels, can enjoy an exceptional skiing experience.

. For non-skiers : ice rink, sleighing, curling, squash, driving-lessons on ice

**In
WINTER**

**In
SUMMER**

All tourists, either coming with their family or going in for sport, will enjoy the valley.

Public paths of all levels can take you up to the middle-high mountains or to easy walks and you will discover animals and flowers along there.

The boldest ones will be able to start learning rock and ice climbing with the help of Chamonix guides..

Children will have fun in Merlet nature park which faces Mont-Blanc and where they will be able to have a close look at deer, chamois, ibex and marmots freely.

Take your family for a trip on the cable car of the Aiguille du Midi (3,842m high) and get a breath-taking view of the high mountains or reach the Mer de Glace by the small Montenvers train.

Everything a town should offer can be found there (250 shops, a post-office, banks, schools, libraries)

A wide range of entertainments is available too: a casino, cinemas, events promoted by the Tourist Information, concerts, lectures, numerous tennis courts (winter/ Summer), 18 hole golf.

Those who can afford avoiding school holidays will be able to make most of it all in Autumn and in late Spring too.
